

An 18-year-old inventor's new drone wants to be like the Swiss Army Knife of drones – Quartz

https://www.youtube.com/embed/xAzpA6hFINK?version=3&rel=1&fs=1&autoplay=2&showsearch=0&showinfo=1&iv_load_policy=1&wmode=transparent

Most consumer drones on the market right now are really good at being flying cameras. Some can follow you around on their own, and some can avoid obstacles pretty well. But without a lot of modification, most of them aren't particularly good at doing much else. Now, a new drone company called Teal wants to...
